

SHANKAR LALL

Bachelor of Software Engineering | 2nd Year Student
+92-348-8769674 • Lallshankar104@gmail.com • Pakistan

OBJECTIVE

Motivated second-year Software Engineering student with a strong foundation in programming and software development concepts. Eager to apply academic knowledge to real-world projects, grow technical expertise, and contribute meaningfully to a forward-thinking team.

EDUCATION

Bachelor of Science in Software Engineering | Expected Graduation: 2029
University (2nd Year)

- Relevant coursework: Data Structures & Algorithms, Object-Oriented Programming, Software Engineering Principles
- Learning project lifecycle management — from requirements gathering to deployment

TECHNICAL SKILLS

Programming	C++, Java
Core Concepts	Data Structures & Algorithms, OOP, Problem Solving
SDLC	Software Development Life Cycle, Project Management Fundamentals
Tools & Platforms	Git (basic), VS Code, Dev C++

ACADEMIC PROJECTS & LEARNING

Console-Based Projects (C++ / Java)

Academic Lab Work • 2025

- Built small console applications to practise OOP concepts such as inheritance, polymorphism, and encapsulation
- Implemented fundamental data structures including linked lists, stacks, queues, and binary trees
- Solved algorithmic problems to strengthen logical thinking and code efficiency

Software Engineering Coursework

University Curriculum • Ongoing

- Studied the full Software Development Life Cycle (SDLC): planning, design, development, testing, and deployment
- Gained introductory exposure to Agile methodology and project management principles

CAREER INTERESTS & GOALS

- Aspiring to build a career in software development or backend engineering
- Planning to strengthen skills in web development (HTML/CSS, React, Node.js) and databases (SQL)
- Interested in contributing to open-source projects to gain hands-on industry experience
- Targeting internship opportunities starting mid-2025 to bridge academic and professional experience

LANGUAGES

Urdu (Native) **English** (Professional Working Proficiency)
